How to Allow Pop-ups in Microsoft Edge

There are two ways to allow pop-ups for Microsoft Edge:

First Method: Responding to the alert

1. When you try to open a feature that launches a pop-up, Edge may display an alert in the top right top corner of the browser.

2. Click on the alert. The alert notes that the pop-up was blocked. Select "Always allow..." and "Done."

3. Close all Edge browser windows and reopen WisFIRS in a new Edge window.

Second Method: Customizing Microsoft Edge

- 1. Open the Microsoft Edge browser.
- 2. Go to "Settings and More" by selecting the ellipsis (3 vertical dots) in the top right of the browser. Then Choose "Settings."

3. Go to "Cookies and Site Permissions." Select "Pop-up permissions."

4. In the "Allow" section, click the "Add" button.

- 5. Internal Users (DNR): Enter the following addresses in the textbox:
 - a. Add both <u>http://intranetapps.dnr.wi.gov/</u> and <u>https://intranetapps.dnr.wi.gov/</u>
 - b. If you are a potential WisFIRS tester, also add both <u>http://uatintranetapps.dnr.wi.gov/</u> and <u>https://uatintranetapps.dnr.wi.gov/</u>

External Users: Enter the following addresses in the textbox:

c. Add both http://dnrx.wisconsin.gov/ and http://dnrx.wisconsin.gov/

Add a site	
Site	
https://intranetapps.dnr.wi	gov/

6. Close all Edge browser windows and reopen WisFIRS in a new Edge window.

Need Help?

If you are experiencing problems with WisFIRS, Report a Defect: In the upper right corner of the WisFIRS application, click on "Report a Defect."
